Dear MNLA Members,

On behalf of the MNLA Board of Directors, a lawsuit has been filed in federal court on behalf of the MNLA membership and several specific companies regarding Governor Whitmer's Executive Order 2020-42. The decision was made with much debate and careful thought by your MNLA Board but we felt this was the best way to defend your right to work safely and help you and your employees get back to work. More details can be found in the attached Press Release and will be made available as updates next week.

Please be safe.
