EO 2020-42: May landscaping, lawncare, tree service, irrigation, and related outdoor maintenance companies operate under this order?

In nearly all cases, no. A business cannot designate workers to perform these services unless the service is necessary to maintain the safety, sanitation, and essential operations of a residence. This is a narrow exception that only permits in-person work that is strictly necessary to address a circumstance that immediately and genuinely impairs the habitability of a home during the emergency; the exception will be satisfied, at most, rarely. Routine concerns, such as about longer grass increasing insects, pests, or allergies, do not qualify. Nor can workers leave the home to perform these services at business facilities: the exception applies only to residences. Any necessary in-person work that is permitted under the order must be done in accordance with the mitigation measures required under section 10 of the order. The order does not prohibit homeowners from tending to their own yards as they see fit.
